### Canberra EK Outdoor Power 2 Degrees

Why is electricity so important in Canberra? With the first Australian public building lit by electricity around 1860, it now permeates the very fabric of Canberra living. So taken for granted is its use, that we often only realise the value of electricity when the power is out. Indeed, there are many circumstances that trigger an investigative response into electrical providers. What are the best energy providers in Canberra? The best energy providers in Canberra are the companies offering cheap electricity prices that fall below the Reference Price. Origin, ActewAGL and Red Energy are currently offering some of the cheapest energy prices in the ACT, according to Money .au's analysis. What does Evoenergy do in Canberra? Evoenergy is responsible for Canberra's electricity network, including maintaining a reliable power supply to properties, performing connections/disconnections, and restoring power during outages. What is the ACT Reference Price? What are the cheapest electricity rates in Canberra? Some of the cheapest electricity rates in Canberra currently belong to Red Energy, Origin, ActewAGL and Energy Locals. A low electricity usage rate will usually start from around 25 cents per kilowatt-hour (c/kWh) and 90-110 cents per day for the supply charge, according to Energy Made Easy. How much does energy cost in Canberra? However, many energy providers in Canberra offer more competitive deals, known as "market offers", which can often provide better rates or additional benefits. For example, the Reference Price is \$2,675 per year, whereas the most affordable market offer is currently \$1,992, leading to annual savings of \$683. Which energy bills are most dreaded in Australia? We recently surveyed Australians about their least favourite bills, and 36% of respondents in the ACT ranked their energy bills as the most dreaded. Some of the cheapest electricity rates in Canberra currently belong to Red Energy, Origin, ActewAGL and Energy Locals.
